

NRPF Connect Data Report Q3 2025/26

Wales

What is the NRPF Connect data report Q3 2025/26?

This data report collates and analyses the data recorded by councils in Wales using NRPF Connect in the third quarter of the 2025/26 financial year. It provides a summary of referrals made and the support provided by social care services for people with no recourse to public funds (NRPF). The data is used to inform policy recommendations.

What is NRPF Connect?

NRPF Connect is the national database and case management tool for councils to record details of households with NRPF that are being provided with accommodation and/or financial support by social services, hosted by the NRPF Network.

What support is recorded on NRPF Connect?

Councils can provide accommodation and financial support to people who are excluded from claiming benefits and mainstream housing assistance when statutory duties are engaged under social care legislation. Local authorities across the UK record the social care services they provide to families, adults with care needs, and care leavers with no recourse to public funds (NRPF). You can read more about NRPF support on the [NRPF Network website](#).
